

RPU THANKS YOU!

These businesses and organizations,
with help from their Energy Solutions Partners (ESP),
worked with Rochester Public Utilities in 2010
to reduce electric consumption
by more than 19 million kilowatt-hours.
That amount of electricity is comparable
to the average annual energy use
of 1,978 homes in Rochester!

We can help your business or organization
save energy and money, too! Visit www.rpu.org
to learn more about **CONSERVE & \$AVE**®

In addition to those pictured, the businesses, organizations, and
Energy Solutions Partners listed below also partnered with RPU in 2010:
